

Your Honor,

My name is K [REDACTED] B [REDACTED]. I am K [REDACTED] M [REDACTED] aunt and S [REDACTED] M [REDACTED] great aunt. I am writing to let you know how S [REDACTED] death (murder) has impacted our family. First, every holiday leaves us with an empty place! We miss S [REDACTED] and her compassion and fun loving personality. She made all of us feel loved. We were all looking forward to what S [REDACTED] would become. We were eager to meet M [REDACTED] (S [REDACTED] unborn child). We knew that S [REDACTED] would be an awesome mom.

While our families loss is great, it is nothing compared to her mother's and brother's grief!

S [REDACTED] loss and the circumstances surrounding her death have taken a tremendous toll on K [REDACTED]. She struggles to get out of bed. She often gets physically sick reliving that horrific day. A [REDACTED] struggles with feelings of helplessness in how to help his mom. And understandably he is angry about what happened to his sister.

I understand that nothing will bring S [REDACTED] back, but I am asking that you give K [REDACTED], A [REDACTED] and the whole family justice so that we all can have peace and begin to heal.

Thank you for your understanding and consideration in this matter!

K [REDACTED] B [REDACTED]
